

## Regulation Plan

This Regulation Plan sets out the engagement we will have with Dumfries and Galloway Housing Partnership. Our *Guide to How We Regulate* explains more about our assessments and the purpose of this Regulation Plan.

### Regulatory profile

Dumfries and Galloway Housing Partnership (DGHP) was registered in April 2003. It is the second largest Registered Social Landlord (RSL) in Scotland, with around 10,500 tenants. It employs 187 people and has one non-registered subsidiary, Novantie Ltd, which carries out the group's commercial activities.

DGHP's turnover in the year ended 31 March 2009 was almost £28.2 million. The Partnership has received significant amounts of subsidy in the form of housing association grant (HAG) from the Scottish Government, primarily aimed at procuring housing for rent and its development programme over the next few years is amongst the largest in Scotland.

DGHP anticipates being able to meet its investment obligations under the Scottish Housing Quality Standard (SHQS) by 2015. We recently received an updated business plan from DGHP, which we will review in light of its considerable investment and development activities.

### Our engagement with Dumfries and Galloway Housing Partnership - High

1. We will continue to have a high level of engagement with DGHP. This is because of its stock size, its financial profile and the amount of public subsidy and private finance it receives, and because we are assessing DGHP's up-to-date financial information.
2. We need 30-year cashflow projections on an annual basis from DGHP to allow us to assess the financial viability of the RSL in light of its ongoing development, investment, and subsidiary activities.
3. The Partnership should continue to alert us to notifiable events and seek our consent as appropriate. It should provide us with the annual regulatory returns we review for all RSLs:
  - audited annual accounts and external auditor's management letter
  - loan portfolio return
  - five year financial projections (including all SHQS costs)
  - annual performance and statistical return

This plan will be kept under review and may be changed to reflect particular or new events. The engagement strategy set out in this plan does not restrict us from using any other form of regulatory engagement to seek additional assurance should the need arise. Our guides on how we regulate and inspect, and other relevant statistical and performance information, can be found on our website at [www.scottishhousingregulator.gov.uk](http://www.scottishhousingregulator.gov.uk).
