

Regulation Plan

This Regulation Plan sets out the engagement we will have with Milnbank Housing Association Ltd. Our *Guide to How We Regulate* explains more about our assessments and the purpose of this Regulation Plan.

Regulatory profile

Milnbank Housing Association is a well established registered social landlord (RSL), registered in August 1975. It has 761 tenancies within Glasgow. Milnbank is an Industrial and Provident Society, and is charitable. Its turnover for the year ended March 2008 was around £2.2m and it employs 48.5 full time equivalent staff.

The RSL has a Local Housing Organisation (LHO) which manages 860 units on behalf of Glasgow Housing Association (GHA). Milnbank plans to acquire these units from GHA through second stage transfer (SST).

Milnbank has submitted a business plan to GHA, setting out its proposal for the transfer. We will consider this plan once it has been agreed with GHA, in accordance with our published guidance on SST. Our interest in examining the proposals is to understand the impact that SST will have on Milnbank's business and to be assured about the financial arrangements that will allow the transfer to take place.

Our engagement with Milnbank Housing Association - Medium

1. We expect Milnbank to agree with us the information it will provide in its SST business plan submission for the transfer of 860 properties from GHA, once the Association's detailed proposals have been agreed with GHA. Then we will consider the business plan, and tell the Association whether we are granting consent to GHA to proceed with the statutory consultation and tenant ballot. Milnbank should confirm with us the subsequent timescale and progress of the transfer.
2. Milnbank should continue to alert us to notifiable events and seek our consent as appropriate. It should provide us with the annual regulatory returns we review for all RSLs:
 - audited annual accounts and external auditor's management letter
 - loan portfolio return
 - five year financial projections
 - annual performance and statistical return

This plan will be kept under review and may be changed to reflect particular or new events. The engagement strategy set out in this plan does not restrict us from using any other form of regulatory engagement to seek additional assurance should the need arise. Our guides to how we regulate, inspect, and intervene and other relevant statistical and performance information, can be found on our website at www.scottishhousingregulator.gov.uk.
